The ESSENCE OF SPAIN

THE MAEX

MAEX is born with the intention of creating, of being feel and making enjoy across the arts. We believe in the art as the more effective route to come emotionally to the persons, the best way to transmit what we feel.

For it we have an artistic international team trained in different facets with the necessary experience to create something exclusive for every new production.

The creative equipment of MAEX collaborates together with diverse companies assuming the artistic creation of his projects producing the scenic space, creation of original music, accomplishment and design of wardrobe, lighting, audio-visual creation and choreographies.

MAEX answers to a creative concept, which using as platform for the development of his artists, bet for the field of the creation and artistic production, giving coverage both to big companies and to individuals interested in taking forward his own artistic experience.

In this occasion and under the artistic direction of Alberto Mondragón, the artistic equipment of MAEX produces "Latin Palace" to give visibility to the wonderful world of the Latinamerican dance and music beyond their borders.
